ST. LOUIS MUTUAL LIFE INSUR-ANCE COMPANY.

We have been much pleased to receive a call from our young friend, A. J. Moses, Jr., who is now on a brief visit to his home and relatives here .-Friend "Jack" represents the New York office of the St. Louis Mutual Life Insurance Company-a Company that stands in the iront rank of similar institutions in this country. His the rough knowledge of the business, together with his extended acquaintance, agreeable manners and generally popular bearing, will no doubt secure for him a fair success. We trust his home friends will show their appreciation of

support. GOD BLESS THE LADIES. The Wilmington Star says the ladies are almost ready to take the stump in South Carolina for the Reform move-

Our good friend of the Star is rather "fast," in this remark. Our ladies are always found on the side of virtue and patriotism, and house their espousal of the reform cause is warm, but they are far from anything like taking the stump, on this or any other subject. They are the inner citadel of our social purity, and the blest circle around which revolves all of uncontaminated virtue that is left at this day of moral declension and general demoralization. We say again, God bless them.

This information is, we have every Ring candidates know that their prospects are exceedingly gloomy, and they would go almost any length to obtain a few hundred outside votes. It is advisable, at all events, that the Reformers should keep an eye upon every new comer. A residence of one year in South Carolina is the main qualification of a voter, and every voter is required to swear that he is duly qualified. This should render it easy to detect any attempts at Laudulent voting, as well as to make an example of the offenders. Prevention, however, in all these cases s better cure. The Reformers must be

HOW TO MAKE HOME ATTRACTIVE Don't have your stairs without banistors, at the risk of breaking your children's necks. Don't have wooden ceilings, that require a cord of lightwood to illuminate the room. Don't have windows without glass, so that whonever it rains you must shut out the light of heaven. Don't have sashes without blinds, so that the summor sun will dazzle your oyes, warp your furniture and fade your earpet. But order all the necessary materials for furnishing your house in comfortable stype from P. P. Toale, Charleston, S. C., the largest manufacturer of such things in the Southern States.

A TORPID SYSTEM. Sometimes, without any assignable cause, the physical strength and animal spirits give way, physical strength and animal spirits give way, and a strange torpor falls alike on the body and intellect. There is little or no pain perhaps, but the natural vigor and elasticity of the nervous and muscular system seems to have departed, and an indifference to the pleasures of life, and even of its grave responsibilities, takes the place of that cannot interest in both which characterizes every well balanced mind when in a healthy condition.
